## Bill Allows Inter-school Programs

# Governor Signs Authorization For "College Common Market"

Minnesota Gov. Karl Rolvaag last Friday signed into law a bill permitting Minnesota state colleges to experiment in the next biennium with neighboring colleges in establishing cooperative programs. Familiarly known as the "College Common Market," the bills proponents based their affirmative stand on the bills aim of avoiding wasteful duplication of curriculums.

The bill was authored by Sen. William Dosland of Moorhead and it authorizes the State College Board to enter agreements with public or private colleges in the state or adjoining states.

The bill is expected to allow students from Moorhead State College to take necessary classes at North Dakota State University and Concordia College if those institutions are particularly well qualified to offer in terms of staff and facilities.

Students from NDSU and Concordia would also be able to take certain classes at MSC under the plan.

Moorhead State College Academic Dean Maurice Townsend noted that planning sessions to organize and establish guidelines for the program will begin immediately at MSC. "We are really at the beginning and con-

sequently there are many unanswered questions that must be worked out before the program goes into effect," stated Dean Townsend.

He also emphasized that the legislation was of a permissive nature, indicating that Moorhead State College is in no way obligated to the state to carry out the program. It does however, authorize the college to begin negotiations with the other schools and to organize local administration. A statement from the State College Board as to their position is currently being awaited.

Although it is still unknown if the State College Board will set up regulatory guidelines, Dr. Townsend stated that a committee of MSC faculty members will be established to administer the program.

The legislature in its bill, limited the number of exchangeable hours with other colleges to 2,000 during the next two years.

The allowable number of hours a student may enroll for, tuition costs and available classes are included in the policy setting that must be determined before the program begins.

Discussions on the "Common Market" were started in the early 1950's. A previous bill in the Minnesota legislature in 1961 was curtailed because of legal difficulties. The North Dakota Board of Higher Education approved a state bill in 1962. The 1965 N.D. Legislature also approved a bill similar to the one authored by Dosland. The bills will officially go into effect on July 1, 1965.

Sen. Dosland noted, in introducing the bill, the benefits the program will offer taxpayers, as well as students.

"The success of such a program could encourage the colleges to concentrate their efforts in strengthening departments and curriculums that already exist and in which they excel in many cases rather than establishing new departments and courses which are already available in a neighboring institution," Dosland concluded.

Performing before KXJB-TV Camera is "The New Group." The telethon also featured MSC's "Greenbriars" and several other students and faculty member in an array of variety, entertainment and features.

## Library Telethon Nets \$5,000 For New Books

Over \$5,000 has been pledged to the MSC Library Book Fund as a result of the three-hour telethon "Moorhead State College Presents", on KXJB-TV on Sunday night. KXJB-TV donated the air time for the program which was designed to raise financial support for the Livingston Lord Library book collection.

Dr. John J. Neumaier, President of MSC, was pleased with the results and said, "We were given a wonderful opportunity to show the viewing audience the type of faculty, students and academic program we have at the college. The money raised should purchase over eight hundred books and will be greatly appreciated by students and faculty."

Each person who contributed \$6 or more will have his name printed on a book plate and inserted in the books purchased with the contribution. Those individuals and groups who contributed \$100 or more will also have their names engraved on a plaque to be placed in the library. Contributions were received from several hundred people, with the fol-

lowing donating \$100 or more:

Moorhead State College Bookstore Committee; KXGO Radio, Fargo; KXJB-TV, Fargo; Stenerson Bros. Lumber Co., Moorhead; Moorhead On-Sale Liquor Assn.; MSC Student Senate; Mrs. Henry D. Crosby, Mound, Minn.; Dr. Charles Magel, Moorhead; Delta Pi Delta; Scheels Hardware, Moorhead; Straus Co., Moorhead; Wright Funeral Home, Moorhead; American State Bank, Moorhead; Northern School Supply Co., Fargo; Silver Moon Cafe, Moorhead; Plunketts Store of Tomorrow, Moorhead; Mr. & Mrs. Maurice Lehtinen, McGregor, Minn.; Women's Recreation Assn., MSC; G. W. Peoples Memorial Fund; Mr. & Mrs. Bernard I. Gill, Moorhead; Kappa Delta Pi Sorority, MSC; Dr. Delmar J. Hanson, Moorhead; Dr. & Mrs. K. M. Thomas, Fargo; Tau Kappa Epsilon Fraternity; and Gerald J. Ippolito, Moorhead.

## Tickets On Sale For Monday Concert

# Jorgenson To Appear In Regional Artists Series

The Moorhead State College Fine Arts Series will present Mr. Dwayne Jorgenson, baritone, in the Third Annual Regional Artist's Recital. Mr. Jorgenson will perform in Weld Hall Auditorium on Monday, May 3, at 8.15 p.m.

The program will include songs and arias by Bach, Handel, Schubert, Mozart, Brahms and Leoncavallo. Mr. Jorgenson will be accompanied by Nancy Harris whose fine musicianship is well-known and appreciated in this area. She was last year's Regional Artist's feature.

Dwayne Jorgenson

Tickets will remain on sale today and Monday from 10 a.m. to 2 p.m. at the Weld Hall Box Office. Student prices are 50 cents with the presentation of an activity card.

A young baritone from Coon Rapids, Minnesota, Mr. Jorgenson already has a number of musical accomplishments to his credit. In 1952, while still in high school, he won a Young Artist Audition and performed in the Artist Series. He received his Bachelor of Arts degree in music education from Concordia College and his Master of Science in music education from the University of Wisconsin.

Mr. Jorgenson has had professional voice training almost continually since 1950, and in the summer of 1961 he presented a recital at the University of Wisconsin. During the past year Mr. Jorgenson has impressed numerous persons with his ability in his capacity as an instructor of voice at Moorhead State College.

Mr. Jorgenson's roles in musical presentations have been numerous. Among them are Usher in "Trial by Jury," the Carpenter's Mate in "H. M. S. Pinafore," the Police Sergeant in "Pirates of Penzance," Will Scarlet in "Robin Hood," and others.

Considering Mr. Jorgenson's ability and experience as an artist, May 3 promises to present a fine evening of entertainment. Faculty and student support of this annual event is strongly urged to insure continued recognition of area artists.

## Students Attend MCEP Legislative Internship

Two MSC students, Miss Diane Bergeson and Dwight Burlingame, have recently returned from a three-day Legislative Internship at the State Capitol in St. Paul, held April 20-23.

Twenty students from fourteen Minnesota colleges and universities attended the Internship which was sponsored by the Minnesota Council for Education in Politics. The Council, which was originally formed by a Ford Foundation Grant, sponsors the Internship annually.

"The stay was fascinating," recalled Miss Bergeson, "if only every student could see the legislature in action to see how it really affects every individual citizen of the state."

Each of the ten girls and ten boys in attendance, who were chosen by a group of college professors and political party leaders, were allowed to follow state representatives of their choice during the three days.

Miss Bergeson was assigned to Mr. Fugina of Virginia while Burlingame

joined Mr. Harold Johnson of Park Rapids. Burlingame had also attended a similar Internship last summer and had worked for Mr. Johnson in his campaign for re-election this past fall.

The students attended committee meetings and Senate and House meetings with the two legislators. They also met with Gov. Karl Rolvaag, Lt. Gov. A. M. (Sandy) Keith and Justice Otis of the Supreme Court.

The twenty students were also divided according to political party affiliation and met with the respective party leaders. The ten DFL representatives met with former houseleader Mr. Fred Cina while the ten GOP representatives met with Mr. Duxberry, present speaker of the House of Representatives.

Miss Bergeson is a Twin Valley, Minn., sophomore majoring in Political Science. Burlingame, presently student teaching in Detroit Lakes, will graduate with a double major in Political Science and Business Administration. His home is Ponsford, Minnesota.

## Student Tickets Still Available

# Two Performances Remain For MSC Theatre's "Rhinoceros"

Student ticket sales for the Moorhead State College Theatre's final production of the 1964-65 school year, RHINOCEROS, an extravagant and controversial comedy by Eugene Ionesco, will end today at the college box-office in the lobby of Weld Hall. Tickets will be on sale until 2:00 p.m. and the usual reservation fee of 50¢ with an activity card will be charged. The production which opened last night will be given for two more performances, tonight and tomorrow night, beginning at 8:15 p.m. in Weld Auditorium.

The controversial European hit will have a cast headed by John Addicott as Berenger, the last hold-out in an exuberant rush to conformity as a whole community adopts "bandwagon" psychology and succumbs to the pressures of mass-think in order to become rhinoceroses. Larry Peterson is co-starred as Berenger's fastidious friend who is one of the first to lose his identity in one of the play's comically nightmarish highlights. Kathy Schultz, as Berenger's empty-headed girlfriend, John Schwanke, as an ingratiating young lawyer, and Stephen Poitras, as an angry union leader complete the trio of major supporting roles.

Accenting other comic highlights in the zany allegory are Marvin Romsland as an officious office manager; Donna Larson as an hysterical

housewife whose husband has turned into a rhinoceros; Karen Malmgren as a woman whose cat has been trampled to death by the thundering herd; and Gary Rayppy as a logician who proves conclusively to his aging student, Charles Kowalski, that Socrates was a cat. Others in the large cast include Barbara Chetirko as a waitress, Becky Byhaug as a grocer's wife, Ronald Johnson as a grocer, Mike Johnson as a cafe proprietor, Barry Butzow and James Harris as firemen, and Beth Trane, Timothy Warner, and Lori Heindahl as townspeople.

A phenomenal success wherever it has played, Ionesco's lampoon on mass mania has played with particular success in Germany where audience members drew immediate parallels with the de-humanization process which occurred in their country when Adolf Hitler came into power. Its obvious commentary on the disintegration of reason and morality under a totalitarian state has resulted in the play becoming standard fare in a number of the western world's major repertory companies.

Library Telethon Produced Multiple Benefits

Moorhead State College has once again displayed before the public an exemplary proof of the college's uprising reputation.

The library telethon "Moorhead State College Presents," was of a quality that has become synonymous with the education offered by this institution.

The entire college owes a great thanks to Mr. Harry Mar-mion, MSC Director of Field Services, who spent many hours in producing the show; to Dr. Charles Magel who served as chair-man of the faculty committee; to KXJB-TV, who not only donated the time and production costs of the show, but also donated with KXGO Radio, \$500 to the fund; and to everyone who donated to the library through their generous donations of money and talent.

The increase of 800 books to the library will be welcome addition. Now that the fund drive has launched a successful open-ing, we hope that it will continue to grow in its conquest of reach-ing the standards the students and faculty of Moorhead State College need and deserve.

Student Response For "Idea" Series Urged

As explained in a feature written by Student Senator Tim Warner, to be found on this page of the MISTIC, the MSC Stu-dent Senate has decided to make an attempt at promoting the Senate and the college.

The "idea" series of the Senate may prove to be a challenge to the Senate and to the thinking, concerned students of the col-lege, if successful. Although the first article, offered in this edi-tion, will in all probability bring about little comment because of the broadness of the questions, future articles as planned by the Senate, may pose some interesting questions.

The MISTIC will cooperate with the Senate in the under-taking if the series proves to be worthwhile. Readers comments and response may be addressed to the Senate or the Mystic. Dead-lines for letters will be Monday at 4 p.m. Senators are urged to submit well-written, concise, typed articles to insure continuation of the series.

Poll Relates Reasons For Attendance At MSC

The MSC Office of Student Per-sonnel Services recently released two polls which were conducted on camp-us. The polls were aimed at gather-ing student opinion on two subjects.

The first poll involved the students choice of Moorhead State College and the reasons for choosing MSC. The second poll was conducted in Dahl Hall (women's residence) to determine the efficiency of the dor-mitory phone system and dorm hours.

In the college choice poll, students were asked two questions: "why did you come to MSC" and "how did you find out about the school's exist-ence?"

Main reasons for attending MSC ranged from close to home, relatives had attended, least expensive, acade-mic reputation to a variety of other responses.

The ways in which the student first received information about the col-lege were given as: high school coun-selor or principal, college representa-tives, newspaper, brochure, friends, parents or "always known about it."

All of the answers to these ques-tions were graphed to illustrate those given by the entire student body as compared to those given by students on the Dean's List. In practically all cases, the percentage given by Dean's List students was higher than that of the over-all student body.

The poll showed that the majority of male and female students chose MSC because it is close to home (48%), least expensive (43%), and be-cause they had always known about it (42%). Also ranking high among reasons were because of a special department and because of the acade-mic reputation of the college.

Students were also asked to in-dicate the distance of the school from their home. Approximately 77% of those who chose MSC because it is close to home live within 50 miles of the school. 55% live within 100 miles. Those students who live over 300 miles gave reasons for attending MSC as least expensive, academic reputation and choice of a special de-partment. 2% indicated their choice because it was close to home.

It is the desire of the administra-tion that the results of the poll may

be able to help Moorhead State Col-lege in advertising an appeal to fu-ture prospective students and to help them make a wise decision in choos-ing the school they will attend.

The other poll was taken in Dahl Hall to determine the merits or de-merits of the present phone system and dorm hours. The poll was a par-tial result of complaints and sugges-tions for a change made by the re-sidents.

The results of the phone poll show-ed that the main areas of disatisfac-tion were; 1.) cannot make call be-cause lines are busy, 2.) lack of priv-acy in phone area, 3.) cannot receive calls because lines are busy, and 4.) too much noise in the area of the phone.

A series of questions were then asked about the phone and other related problems. When asked if the present phone system met their min-imum needs, 39 girls from the entire dorm said yes, while 169 said no.

The next question was "Would you be willing to pay \$3 extra per month per person for a telephone in your room with its own line?" One hundred and eleven girls said yes, 97 said no with a majority of both upper-and underclassmen saying yes.

In answer to another question con-cerning Dahl Hall hours, 103 girls said the hours are satisfactory, while 102 said they are not. The upperclass-men tallied 40 yes and 21 no answers, underclassmen 63 yes and 81 no.

Ninety-six said yes and 92 no to the question, "Do you think that the Dahl Hall Handbook is adequate?"; and 113 are satisfied with the pre-sent system of government in the hall while 90 are in favor of a change. In both of these groups a majority of upper-and underclassmen alike voted affirmative.

Committees have been formed to review the present hours, the hand-book and governmental system, and necessary changes will be made.

MSC Students Attend Model U. N. Sessions

by Mike Grieve

Ten MSC students attended the 19th annual North Central Region Model United Nations held April 8th to 11th at the University of Min-nesota in Minneapolis.

Approximately 40 colleges and universities from 7 states were re-presented at the conference which was co-sponsored by the International Relations Club and the Minnesota Student Association of the University of Minnesota. Dr. Frank J. Kendrick of the MSC political science depart-ment accompanied the delegation from Moorhead State which included: Roberta Erickson, Nancy Pitman, Jan Warner, Trygve Arsheim, Steve Baker, Dick Bergerson, Joe Bernick, Clinton Codling, Mike Grieve and Eric Sekeres.

The Honorable Alex Quaison-Sackey of Ghana, president of the United Nations General Assembly addressed the opening session on April 8th in the Main Ballroom of Coffman Memorial Union.

According to Quison-Sackey, the struggle to establish peace in the world is really a struggle for human survival. The role of the UN in this conflict is a vital one.

"We must learn to accept each other more," Quaison-Sackey de-clared. "Often difficulties between nations which seem insurmountable are the result of misunderstandings which can be cleared up around the conference table."

"I hope the day is not too far removed when the UN will represent even more countries than it does now. It is unfortunate that Red China with 750 million people doesn't have a seat."

Following this keynote address,

separate meetings of the seven world blocs were held. Five Moorhead State delegates represented Chile in the Latin American Bloc and five represented Byelorussia in the Com-munist Bloc.

These bloc meetings, at which policies were decided and proposals discussed were also held on the morning of April 9th.

Council and Committee meeting were scheduled that afternoon and evening. With the exception of the Security Council whose membership was limited, one member from the delegations of all of the UN member countries was present at each of these simultaneously held meetings.

Eric Sekeres was elected Chairman of the Economic and Social Council by the delegates in that group.

On Saturday, April 9th, all mem-bers were present at a session of the General Assembly. At this session, the independent nation of Gambia was admitted to the UN. The agenda also included discussion and voting on proposals for the solution of prob-lems in territories under Portuguese administration, and the question of foreign intervention in the affairs of sovereign states.

Saturday evening a banquet was held in the CMU Memorial Ballroom. The address was delivered by the Honorable Lord Caradon, United Kingdom Ambassador to the United Nations. Lord Caradon told of new nations in the UN and described an average day in the life of the re-presentative in that world organiza-tion in New York.

The General Assembly met again on Sunday. There were several out-bursts and the session became quite stormy when the admission of Red China was discussed. Admission was denied by a close vote.

Are MSC Students Getting A "Good" Education?

Senate "IDEA" Series

by Timothy Warner  
General Arts Senator

There has been a great deal of publicity recently in national maga-zines about the student upheaval in our colleges and universities. Com-ment on the Berkely incident, one of these student upheavals, has ranged from commendation to damnation. The Student Senate believes a lot can be learned and imitated from the cur-rent student unrest. The Student Senate is initiating a program to take the best ideas from the present situa-tion while casting out the undesirable ones. The Senate is attempting to put a fire under the student body in an attempt to shock them out of their apathy. The Senate wants to put the college through a critical self-exam-ination, originating from the students. Without continual self-examination an institution will foster only mediocrity. Mediocrity is not what the Student Senate wants out of Moorhead State College.

At first glance, Moorhead State College looks like an excellent place to earn an education; but is it? The Student Senate wants to question every aspect of college life to see if the college is giving the students a real education. The Senate wants to know: should the college be a rehabilitation center for second class high school students? Or should the college be geared for professional teacher training? Or should the col-lege be aimed at the creative intel-lectualization of the students? Each of these goals have valid arguments either for or against but what kind

of college do we the students want MSC to be? The student senate wants to know what you have to say.

The Senate realizes its place in the structure of the college and plans to remain in its place as a re-commending agency of the student body. The SS also realizes that we have no final power but that with enough student body support our re-commendations might be listened to more seriously. Each week the SS will propose a controversial issue through the MISTIC, to the students asking for a general response from the students. If there is enough reac-tion, the SS will set up an investiga-tion committee to study the question. After due deliberation the SS will make recommendations to the people or departments concerned.

The questions to be asked will probably cause a great deal of fric-tion in the college. The Senate is not proposing this column to irritate any-one but merely to cause the college to take a critical self-examination of itself. We doubt if anyone considers the college perfect. The SS wants to know from you the student what is the matter with MSC or perhaps there is nothing the matter with the college. The Senate calls on all stu-dents in the dormitories, in off-campus apartments, in the coffee shops and in all student organizations to discuss and respond to the ques-tions proposed every week.

The SS wants to take on the res-ponsibility of being the real mouth-piece of the student body. If you have something to say do not be

afraid to speak your mind. The student is the most important factor in the college. If you are dissatisfied with something the college is doing speak up. Only through a continual soul searching will this college remain an excellent place to earn an educa-tion.

The first questions to be asked are: What kind of an education should Moorhead State College be giving its students? Are we getting a good edu-cation?

Students, speak out. If you would like to comment on these questions express your views to one of the senators or write a response contain-ing any relevant arguments or com-ments and place it in the Senate suggestion box. Let the Senate know if there is real apathy on campus or whether there is really nothing to get serious about. The Senate believes there are questions to get serious about and we hope you the student will help us examine them.

Grad Accepts New Job in New York

Darrell A. McCroskey, class of '63, has been appointed a representative of the Connecticut Mutual Life Insurance Company. He will be associ-ated with one of the firm's New York City general agencies.

As an undergraduate, Darrell was active in the Blackfriars at MSC.

Prior to Connecticut Mutual Life, he was associated with the Chase Manhattan Bank of New York City.

# Future Teachers Meet Here For Convention

by Bob Larsen

"Teachers as People," was the theme of the 13th annual Western Minnesota Division Future Teachers of America conference which was held on Friday, April 23, at Moorhead State College. Sponsor of the event was the Student Chapter of the Minnesota Education Association.

Over 300 students from 12 high schools registered for the conference.

The conference delegates were welcomed by Anita Warling, a senior English major from Fargo who is the president of the M.S.C. student Minnesota Education Association chapter, and by Dr. Maurice Townsend, Academic Dean.

Mr. Patrick Churchill, M.E.A. field representative, responded to the welcome and introduced Mr. Kenneth Jonson, N.E.A. regional representative who was the morning speaker. In his address, entitled, "Your PEP," he defined PEP as Perspective - Enthusiasm - Participation, the three essential characteristics of a person entering the teaching profession. The students were told that teachers must have a broad educational background, be well-adjusted persons, teach be-

## WRA Hosts Sports Day, Track Meet

The Women's Recreation Association of Moorhead State College hosted 120 high school girls from ten area high schools on Saturday, April 24 for the annual High School Sports Day.

The girls participated in a volleyball tournament in the morning and a track and field meet in the afternoon at Alex Nemzek Hall.

Moorhead High School captured first place in the volleyball tournament while Dilworth took top honors of the day in winning the track and field meet. The winners totaled 25 points and were followed by second place Moorhead High with 23 points. New York Mills took third place honors with 16 tallies.

On April 7, Alex Nemzek Fieldhouse was the scene of the second annual Tri-college Women's Indoor Track and Field Meet. The meet was won by Concordia College with 42 points. MSC tallied 37 points with NDSU going scoreless.

New records set this year were in the high jump and 880 yard run. Lori Grundmeier of Concordia jumped 4'6", bettering the previous mark by 3 inches. Barbara Jacobson of MSC ran the 880 in 3:03.5; which broke last years time of 3:04.

The W.R.A. recently installed new officers to serve for the next year. Elected to the office of president was Carol Kistingner. Other officers are; vice-president, Sandy Anderson; secretary, Renea Blau; treasurer, Esther Arneson; publicity, Margo Noble; point recorder, Kathy Muller; and scrapbook chairman, Karolyn Lee.

610 MAIN AVENUE

cause they want to teach, and be active in community activities as well as professional education organizations. Mr. Johnson closed with the statement "Teachers make possible a high economic level. They develop the leadership of the future."

After Mr. Jonson spoke, a panel make up of local faculty members discussed the private world of teachers. Members of the panel were: Ray Kuklenski, physical education teacher and football coach from Dilworth High School; Mrs. Herbert Abraham, M.S.C. Social Studies supervising teacher; Mr. Floyd Brown, M.S.C. Admissions Counselor; and Don Anderson, Chairman of the Health, Physical Education and Recreation Department.

Moderator for the discussion was Mr. Arlo Brown of the Department of Education and advisor of the M.S.C. Student M.E.A.

Entertainment was provided between the morning and afternoon sessions of the conference by "The Surfs," folksinging group from Fargo High School and by the M.S.C. Stage Band.

The afternoon session, held in Dahl Hall, was opened by Dr. Claydon Robbins, Dean of Education. He introduced Dr. Hale Aarnes, director of the Institute of Education at North Dakota State University, whose topic was, "Teachers As People - Their Private World."

Dr. Aarnes reminded the students that teaching is a profession and that they should always conduct themselves as professionals. "We need educational leadership by professionals," he said. "You may be the best teacher a student ever had, you may also be the worst . . . if you help five students to be better than they are, you are then a good teacher."

Following Dr. Aarnes's lecture, the student were divided into discussion groups which were led by M.S.C. juniors and seniors.

Students were given an opportunity to meet and talk with members of the education association after the conference was concluded.

According to Mr. Arlo Brown, advisor to the M.E.A. student chapter, the conference was one of the best ever held, and extremely successful. Much credit goes to the officers of the Student Education Association of Moorhead State College - Anita Warling, president; Dwight Burlingame, vice president; Gloria Froslie, secretary; and Mike Lestina, treasurer - who organized and made the arrangements for the conference.

(Continued from page 1)

Several individuals and groups contributed their time and talent to making the program successful. Performances were given by the MSC Concert Choir, directed by Earnest Harris, and the Stage Band, directed by Arthur Nix.

A scene from last fall's musical, "Kiss Me Kate," in which Larry Peterson and Marvin Romsland sang "Brush Up on Your Shakespeare," was presented. Marjorie Frazee was accompanist.

Vocal presentations were provided by the New Group and the Greenbriars, who each sang several folk songs, and by Sandra Boyd, and a dance number was presented by Mrs. Betty Schumacher.

A student panel comprised of Dave Carlson, Roger Bailey, Diane Disse, and Tony Jones, discussed student views on the library, while representatives of the faculty, Miss Delsie M. Holmquist, Dr. Charles Magel, and Joseph B. Costanzo, expressed the faculty's opinions.

An interview was conducted with Dr. John J. Neumaier and Norman Nelson, a representative of the state college board, and with Dr. C. A. Glasrud.

Dr. Richard Fischer presented a

Art Works At Rourke Gallery

Youngquist To Exhibit One-Man Show Sunday

Mr. John Youngquist, instructor at Moorhead State College, will open a one-man exhibit of paintings and drawings on Sunday, May 2 at the Rourke Art Gallery in Moorhead.

The exhibit which opens Sunday from 1 to 4 p.m. will be on view through May 19. It consists of 25 oils, watercolors and drawings, including landscapes done around Lake Superior where Mr. Youngquist spent last summer. Also included in the show will be figure drawings in mixed media.

Mr. Youngquist is a graduate of the University of Minnesota and the University of Iowa and has studied at the Art Students League of New York, San Miguel, Mexico and San Francisco. Several of Mr. Youngquist's works also appeared recently in the State College Faculty Art Show which appeared in the MSC MacLean Hall Art Center, as well as at the other state colleges.

Students, faculty and staff members of Moorhead State College are especially welcome to attend the opening. The gallery is located at 523 So. 9th St. in Moorhead.

John Youngquist

Cites Discriminatory Case

Dean Urges Civil Liberties Violations Be Reported

by Mike Grieve

Dean of Students Henry A. Dux has requested that any complaints by students on violations of civil liberties and of substandard housing or exceptionally high rent be reported to him immediately.

Dean Dux's call follows developments over the past year which include the drawing up of new off-campus housing regulations, the formation of an advisory committee, and one known case of discrimination against a Moorhead State student.

In the summer of 1964, Mr. Dux compiled the regulations and guidelines which are intended to be a service to both homeowners and students. His regulations were approved by the faculty and by several individuals on the Student Commission.

Before classes began in the fall, many homeowners in the area were sent a copy of the guidelines, a covering letter, and a file card. The file card was intended to be returned and placed on file in the Student Personnel office "as a convenient advertising contact with the students". This card, to be completed by the landlord, carried a description of the accommodations. On the front is this statement: "In listing the described residential space available to students of Moorhead State College, I agree not to discriminate against renters on the basis of race, religion, or national origin. I also have read and understand the regulations of the College for the housing of off-campus students and agree to assist the College in maintaining these standards." The householder was then asked to sign the card.

The covering letter explained the over-all housing situation and also stated "please do not forget to sign the statement non-discrimination and support of standards."

By fall, 121 listings had been mailed back to the school. Of these, 34 were unsigned.

Dean Dux stated that he could have refused to place these cards on file to students but did not, since housing was very tight at the time. The crowded situation was overcome and no discrimination was reported during September.

In mid-winter, a group of the American Civil Liberties Union was organized in the area. Following a meeting of the group, President John J. Neumaier appointed an ad hoc committee to investigate and to recommend policy to the administration in cases of violation of civil liberties. The ad hoc committee members are: Mr. Kendrick, Mr. Burchard, Mr. Marmion, and Mr. Hoberg.

This spring quarter, a Negro student from MSC was turned away by a woman who had sent a vacant, but unsigned housing card to the school.

He reported the case to Dean Dux and the situation was handled jointly by the ad hoc committee and the Student Personnel Office.

Mrs. Hume and Mr. Kendrick visited the woman. She stated that she

"It's easy to earn \$2,500.00 per year while attending college." For full information write to:

The Capital Company  
Box 744, Bismarck  
North Dakota

believed that the other students in the apartment would not want a Negro as a roommate. These students, who are attending other schools in the area, said however, that they would not mind having the MSC student as a roommate.

By this time other accommodations had been found.

Dean Dux removed the women's card from the file and another was sent to her with a request to sign it.

The card was returned unsigned two weeks later. It was not filed again.

Statements issued by the Faculty Senate, the Student Senate, and the Council on Student Affairs urge that unsigned cards be removed from the files and returned to the householders with a request to sign.

At present, the file contains 36 signed cards with available rooms, 9 unsigned cards, and between 50 and 70 phoned-in listings of housing. Letters will be sent to householders whose cards are in the two latter categories.

Chess Club Sponsors Championship Series

The MSC Chess Club will sponsor the MSC Chess Championship Tournament, Sat. and Sun., May 1-2 in the Dahl Hall Snack Bar. All MSC students and faculty members are eligible upon registration, which will take place from 8-9 a.m. Saturday.

Three sections will be involved in choosing a winner: both a rated and an unrated section on Saturday, and the playoff on Sunday. The rated section requires that its participants be United States Chess Federation members (you may join at the tournament by paying \$5 dues). In addition, a \$1 entry fee is required. Each player will compete in four rounds to be rated by the USCF. The top three players will be eligible for the championship playoff, and the top player will receive a trophy.

The unrated section does not require USCF membership, but payment of a \$1 entry fee is necessary. The top player will receive a one-year USCF membership, a subscrip-

tion to Chess Life magazine, and eligibility for the playoff.

Sunday's playoff between the above-mentioned players will be USCF-rated, but no additional fees are required. The winner will be declared 1965 MSC Chess Champion and will receive a trophy.

Spectators are welcome to watch any of the matches.

Dr. Fischer To Solo In Valley City Concert

Dr. Richard Fischer, director of the Moorhead State College Orchestra will appear as soloist in Vivaldi's "Violin Concerto in G Minor" at Valley City State College on Sunday, May 2. The concert will begin at 4 p.m.

Dr. Fischer will be accompanied by a chamber orchestra sponsored by the Hammond Music Company of Fargo and directed by Norman Selness, conductor of the Agassiz Junior High School Orchestra.

The orchestra will also perform three movements from Corelli's "Golden Sonata" and join with the Valley City State College Singers in Vivaldi's "Gloria."

The public is invited to attend.

One of the above MSC Coeds will be crowned Sweetheart of Phi Mu Alpha Sinfonia tomorrow night. Left to right are Rhoda Wold, Kathy Hermodson and Karla Johnson.

## Sinfonians To Name Chapter "Sweetheart"

Three MSC coeds, Rhoda Wold, Kathy Hermodson and Karla Johnson, have been selected by the Sinfonian fraternity to be finalists for 1965 Sinfonian Sweetheart. One of the girls will be crowned Sweetheart tomorrow night at a dinner dance being held at the Holiday Inn.

Eleven girls, representing various campus organizations, were guests at a reception hosted by the Eta Lambda chapter of Phi Mu Alpha Sinfonia on Monday, April 12. The reception

was held in Ingleside Lounge. The reception was given so that the Sinfonians could meet the girls, who were all candidates for Sinfonian Sweetheart, and so that the girls could display their musical talents. On the basis of musical talent and interest, beauty, and personality, the three finalists were chosen.

Rhoda Wold, a sophomore from Underwood, Minn., played the piano solo "Exodus." Nominated by Psi Delta Kappa, Rhoda is an elementary education major and music minor. Her college activities have included sorority and playing the trombone in band and stage band.

Kathy Hermodson from Crookston, Minn., sang "A Home in the Meadow" from *How the West Was Won*. A junior, she was nominated by the Blackfriars and is a speech-theater major, vocal music minor. Her college activities have ranged from concert choir and Blackfriars to lead roles in *Romeo and Juliet*, *Kiss Me Kate*, and *The Public Eye*.

Karla Johnson played Sinding's "Rustles of Spring", a piano solo. She is a junior from Moorhead, majoring in English and minoring in French, and she was nominated by Alpha Delta Pi sorority. Her activities include piano, violin, sorority corresponding secretary, accompanist for *Kiss Me Kate*, and Delta Society. She has received scholarship awards from the Elks, Red Owl, and Moorhead PTA, and is currently queen of the Fargo-Moorhead Homebuilders Association.

One of the girls will be crowned Sinfonian Sweetheart at the Sinfonian dinner dance on April 30 at the Holiday Inn Spud Room. The Hub Land Band will carry out the theme "Moonlight Serenade."

## Jamison Attends National Convention

# Debate Team Accepted Into National Forensic Society

by Mary Malmberg

Rich Jamison, MSC debater from Ada, Minnesota, was among some 700 student and faculty representatives from more than 1300 colleges and universities who recently attended the biennial national convention of Pi Kappa Delta, national honorary forensic fraternity, at Pacific Lutheran University in Tacoma, Washington.

At the convention, held April 11-15, Jamison represented the MS debaters as they were formally accepted into the membership of Pi Kappa Delta as the Minnesota Kappa Chapter. Fifteen other colleges and universities also received charters from Roy D. Murphy of the University of Southwestern Louisiana, president of Pi Kappa Delta. Schools receiving their charters along with Moorhead State College were Rocky Mountain (Mont.) College, East Texas State College, Panhandle A & M (Okla.) College, Geneva (Pa.) College, California State Polytechnic College, Tennessee Wesleyan College, California (Pa.) State College, Norwich (Vt.) College, Clarion (Pa.) State College, New Mexico State University, Detroit Institute of Technology, Wartburg, (Iowa) College, Youngstown (Ohio) University, Texas A & M University and Wisconsin State University. The addition of these 16 schools brings the total membership of Pi Kappa Delta to 301.

The members of the Minnesota Kappa Chapter will be installed in a formal service next month by Dr. Paul Dovre, Chairman of Speech at Concordia College in Moorhead, who is Province Governor of Pi Kappa Delta for this region. MS members who will be installed are Jamison, Audrey Sheppard, Doug Johnson, Diane Bergeson, Tom Baldwin,

Christine Myron and Dr. Paul Barefield.

This academic year the MS debate squad met over 100 different colleges and universities from 34 states. Fifteen students from MSC participated in debate, oratory, after dinner speaking, extemporaneous speaking, rhetorical criticism, radio and television speaking, oral and dramatic interpretation and discussion. These fifteen attended tournaments in Kearney, Nebraska; Vermillion and Brookings, South Dakota; Mankato, Minnesota; Eau Claire, Wisconsin and Superior, Wisconsin.

The MS debaters won over 50% of all the debates in which they took part. They placed 10th out of 21 schools at the Kearney tournament, 3rd out of 22 schools at Vermillion and 2nd out of 19 schools at Superior. In individual activities, Moorhead State placed 3rd in interpretation at Kearney out of 27 entries, 1st in rhetorical criticism at Brookings out of 10 entries, 3rd out of 16 in oratory at Superior, 3rd out of 18 in oral interpretation at Superior and 3rd

in dramatic interpretation at Superior out of 19 entries. Additionally, many individual awards of superior, excellent and good were won.

Presently under consideration as the final trip of the season is a possible audience debate at one of the state colleges in Wisconsin.

Tentative plans for next year include trips to Omaha, Nebraska; Vermillion, South Dakota; Superior and Eau Claire, Wisconsin; Ames, Iowa; Miami, Ohio; Mankato, Minnesota; Missoula, Montana and Durham, North Carolina. The international debaters from Europe are also scheduled to appear on the MS campus in an audience debate with MS debaters.

According to Dr. Barefield, who considers speech work to be "one of the most, if not the most, beneficial extra-curricular activity offered," two thirds of this year's debaters had "virtually no experience prior to this year. So anyone who is interested regardless of prior speech experience is welcome to participate in next year's program."

## Civil Rights Rally Scheduled Wednesday

A civil rights rally, sponsored by the MSC Young Democratic Farmer Labor Club, will be held on Wednesday May 5, 1965 in the Library Auditorium.

The civil rights rally will feature four speakers and folk song entertainment. The first speaker will be Dr. William Waddell of Fargo, from the United States Department of Agriculture. The second speaker will be Professor Delwin Brown of Jamestown College who will speak on the role of civil disobedience in connection with civil rights. Prof. Brown has recently returned from a visit to Selma, Alabama. The last two speakers will be Dean Zimmerman and Lester Galt, students at Valley City State College. Both Zimmerman and Galt worked for COFO (Conference of Federated Organizations) in Mississippi last summer.

The YDFL club urges all Students, Faculty, and other interested individuals to attend and show support for their fellow Americans who are fighting for freedom.

The YDFL club also asked all campus organizations interested in civil rights to encourage members of their organization to attend.

A 10¢ admission fee, to cover the speakers' traveling expenses, will be charged.

# Songfest Has Been Annual MSC Production Since 1935

by Betty Smart

The 1965 edition of MSC's annual songfest will be held May 7 and 8 at Weld Hall. The theme for this year's production has been entitled "Televersions." The agenda will consist of eight different acts that will promote take-offs on popular TV programs.

The songfest is sponsored by Sigma Tau Gamma fraternity and has been an annual event at Moorhead State College since 1935. The Alpha Epsilon fraternity (which became Sigma Tau Gamma in 1960) originated the songfest idea in that year. During the war years of 1944 and 1945 the songfest production was temporarily

suspended. In 1946 the event was sponsored once again, this time by Tau Chi Mu music fraternity. In 1947 the AE's re-assumed sponsorship of the songfests and have held it since then.

The songfest was presented from 1935 till 1950 without any established competition, and no trophies or prizes were awarded to participating acts. However, each year the songfest idea was such a success that in 1951 a traveling trophy was purchased to be given to the best act. The best act of 1951 was "Frankie and Johnnie," presented by the Dragon Masquers, a dramatic organization. The productions grew in size and merit, and second and third prizes

were added to the awards.

The competition became stiffer and the performances began following a wider variety of themes from "By the Sea" in 1952 to last year's production entitled "Ports of Pleasure." Delta Zeta sorority took first place last year with their act entitled "How to Lose Most Honorable Chiese Home," a story of a Chinese father who tried to marry off his five daughters properly according to their age. The eldest daughter had no desire to be married and his plans were disrupted when the next-oldest daughter was married first.

The acts are judged by four qualified individuals who are not connected with the college or any of its organizations. They rate the performances according to the quality and appropriateness of their costumes, scenery, live entertainment and continuity with the theme.

Proceed from the 1950 songfest were used to help send the best acts to St. Paul to appear on a half-hour television program called "The Jimmy Valentine Show." Thirty-five MSC students took part in the production. Since 1952 the proceeds from this annual spring event have gone to a scholarship fund which provides financial aid to deserving students from high schools of the area who will enter Moorhead State College the following fall quarter. The funds are turned into the Business Office and the scholarship recipients are announced by the MSC Scholarship Committee. Each recipient is awarded one hundred dollars.

Tickets sales for this year's production were opened on Monday, April 26. The admission \$1.00 for adults and 50¢ for children under 12 years of age.

Thirty years after its origin the Sigma Tau Gamma Songfest of 1965 promises to uphold its tradition of providing excellent entertainment.

## 1965 Cheerleaders Recently Selected

Six MSC coeds were recently selected to compose the 1965 Dragon Cheerleading team. Returning for next year's sports season will be Sandy Anderson, Sue Gibbons, Cheryl Merckens and Ruth Poels. Sheryl Hetland and Jan Skaff will be new members next year.

## "Sweetheart"

Miss Judy Kotte, a junior from Moorhead, was recently crowned 1965 Sigma Tau Gamma Sweetheart.

Miss Kotte, a member of Gamma Phi Beta sorority, was crowned by Miss Berva Plummer at the annual White Rose Ball held at the Top of the Mart of the FM Hotel. Her attendants were Nancy Hagen and Claudia Lontz, both of Moorhead.

# NEWSBEAT

The Gamma Phi Beta sorority held their spring rush party on Monday, April 12. The party theme was centered around "Alice in Wonderland." Pledging ceremonies were held on Wednesday, April 21 for seven new pledges of Gamma Phi Beta. They are: Jessica Tennafos, Fargo; Jeanne Anderson, Rosholt, S. D.; Denise Howard, Fargo; Nancy Kiel, Crookston; Gloria Lundgren, Milan; Mary Kay Metzroth, Fargo; and Renne Schmitz, Thief River Falls.

On Sunday, the Gamma Phi Beta's are holding their annual Parent's Day Tea. It will be held in the Dahl Hall basement from 2 from 4 p.m.

The Gamma Phi's held a pot-luck supper for the Owl Fraternity at Kise Commons on Tuesday night, April 20.

The Owl Fraternity held their annual Installation of Officers Banquet on April 10 at the Silver Moon Cafe. Alumnus Gene Carlson served as master of ceremonies. Special guests were Dr. and Mrs. C. Glasrud and Mr. Bellamy. Dr. Glasrud was the main speaker for the evening. Robert Billberg was married to Miss Sharon Wallace on April 3. Chuck Strand was recently pinned to Miss Sharon Colness, a student at the University of Minnesota-Morris, from Benson, Minnesota.

On the afternoon of April 8, Alpha Delta Pi held a spring rush party. The following Tuesday, five pledges were received into the organization. They are: Barbara Chetirko, Jane Dronen, Lynn Hamilton, Barbara Hesby and Kathryn Yaggie.

On April 24, twelve pledges were formally initiated into the Epsilon Alpha chapter of Alpha Delta Pi. They are: Linda Barker, Kathleen Buck, Janice Crawford, Nancy Delau, Bonnie Ellingson, Bobby Jane Evans, Judy Hollman, Dorothy Johnson, Carolyn Magnuson, Arlene Nelson, Carrie Nelson and Rosella Tessman.

Psi Delta Kappa announces the recent engagement of Diane Monear to Wally Larson, a member of Sigma Tau Gamma fraternity.

Delta Zeta State Day was held Saturday, April 24 at the Sheraton Ritz Hotel in Minneapolis. Ten DZs, Marge Frazee, Cheryl Merckens, Elaine Johnson, Carolyn Wolford, Jyl Simpson, Pat Freed, Jarilyn Lyngby, Barb Gill, Sue Jorgenson and Sharon Ledeboer, along with Diane Neumaier, College Chapter Director Miss Marvel Froemming and Miss Delsie Chaiais, a DZ alumna, represented the Theta Nu chapter of MSC. Delta Zeta chapters from Winona State College and St. Cloud State College were also present.

A workshop presented by Mrs. Randall Jones, Chapter Province Director, began at 9:00 a.m. This was followed at 12:30 by the Golden Rose Luncheon, sponsored by the Minnesota Alumni Club.

## Library Receives Special Asian Studies Grant

The Moorhead State College Library recently received a contribution of \$150 from the Asian Society, Inc. of New York. The money is to be used for purchasing library materials in the Asian studies area.

Dr. Maurice Townsend, MSC Academic Dean, appointed a temporary committee of three to administer the fund. The committee members are Dr. Abraham, Mr. Detrick and Mr. Gill.

According to Dr. Abraham, who was instrumental in obtaining the contribution, the Asian Society is a non-profit organization which is supported

by private donations. Its purpose is to promote better understanding of Asian culture. Dr. Abraham, the committee chairman, said the Asian Society does this by having exhibits of Asian art, giving grants to colleges and universities to be used for Asian study and giving contributions to libraries which need materials in this area.

# Dragons Host Warriors Over Weekend

by Larry Scott

Masked by faces of innocence, the baseball Dragons of Moorhead State College have donned the villian smocks, attempting to steal the cherished Northern Intercollegiate Conference baseball crown from St. Cloud State College.

Having been suspected of plotting the coup d'e tat of St. Cloud, Moorhead State will be tried this weekend by a biased jury of Winona State College Warriors.

The trial, however, may not be totally lawful. Winona State also holds title aspirations and have little desire to be acquitted. MSC will meet the Warriors at 3:00 Friday at Mattson Field and twice Saturday starting at 12:00.

State enters this weekend's contests with most impressive credentials. Coach Loel Frederickson's baseballers stand 6-2 after shelling North Dakota State University 17-1 Tuesday afternoon, leaving little doubt as to the comparable strength of those two teams.

Jerry Hegna and Cactus Warner led the batting avalanche with three hits apiece. Hegna doubled and tripled and belted in four runs. Doug Braaten, Dennis Seymour, Al Berglund and Jerry Jacobson each drove in two runs.

Doug Biss and Dick Walvatne limited the Bison to six hits with Biss picking up the victory, working the first seven innings.

Last weekend in Mankato, Moorhead State won two of three from the Indians. In the opening contests, left-handed transfer Jerry Barney stopped Mankato on one hit, 2-0. In the middle contest, Tony Corcoran threw a two-hitter against Moorhead with Hegna picking up both the hits. Mankato won 8-0 on eight unearned second innings runs.

Moorhead State nailed down the finale 7-2 on the strength of fine relief pitching by Curt Walvatne, who pitched five scoreless innings in relief

## DRAGON COACHING BOARD OF DIRECTORS

Baseball  
**FREDERICKSON**

Golf  
**SMITH**

Tennis  
**GARLAND**

Track  
**HOLMES**

of starter Frank Wagner.

In this weekend's three-game set against touring Winona State, Frederickson will likely start Barney in the opening contest, with Dick Harlow and Wagner to open Saturday.

The rest of the starting lineup will probably look like this: 1B—Berglund, 2B—Dave Johnson, SS—Warner, 3B—Doug Peterson, LF—Hegna, CF—Joe Boche, RF—Braaten, C—Jacobson. There is a strong possibility that Seymour, the soft-spoken Bloomington native will be in the starting array catching. Jacobson, in that case, will move to another defensive position.

Winona will likely start with left-handed fastballer Roger Roepke of baseball-hotbed Brownston in the opener. Roepke posted a 5-1 log last year. Also tabbed for mound duty is transfer J. D. Barnette of Chillicothe, Mo., who once fanned 30 players in a high school contest.

Batting strength for Winona State

College will likely be delivered from Dave Usgaard, Dennis Morgan and Dean Bailey. Usgaard, who played an integral part for Winona's championship football delegation, played second base for Winona last year and was honorable All-American last spring.

Morgan also made honorable All-American while leading the Warrior hitting attack with a .368 bat mark. Bailey developed a hot bat at the end of last season and wound up hitting .552 in 12 contests.

St. Cloud State is the current loop leader in the NIC with a log of 3-0. Moorhead State stands 2-1. This weekend's action will be Winona first conference test while St. Cloud plays non-conference opposition Friday and Saturday.

## Moorhead State Track, Tennis, Golf Teams Conquer Weather Roadblock

by Jim Buchan

With the long awaited arrival of spring finally at hand, the athletic picture at Moorhead State College now moves outside. The tennis, golf and track teams during the past two weeks have moved into their schedules and the competition is well underway.

Although the track team has been active since the beginning of winter quarter with indoor meets, not until last week were they able to move

outside for practice and meets.

Last Saturday the Dragons sent their relay team to Bloomington, Minn. to compete in the Bloomington Trackerama, and on Tuesday of this week the thinclds participated in a triangular meet at Valley City. Jamestown joined the Dragons and Valley City in this meet.

Tony Jones, Larry Beeson, Rod Berg, and Clyde Gimbel, the constituents of the MSC relay team, collected a second and a third place finish

in the two relays they competed in on Saturday. The four churned the mile relay in 3:34.1, good enough for a second place finish and a new school record. Later the Dragons set another school record when the same four ran the 880 yd. relay in 1:34.1. This time gained them a third place finish.

In Tuesdays meet the Dragons and Valley City squared off in a battle that finally climaxed with Vikings outlasting Moorhead 75 1/2 to 70 1/2. Jamestown finished third scoring only 35 points.

The Dragons next meet will be this Saturday, May 1, at Fargo when they compete in the Bison Relays. Twelve colleges and 48 high schools will compete in this meet.

On the tennis scene the Dragons have already held two matches with Concordia and the University of North Dakota. MSC dropped the Cobbers 4-3 and then lost to the potent Sioux 7-0.

The two returning lettermen are Kern Olson a senior from Minneapolis, and Frank Mousley a junior from Thief River Falls. Other team members include Jim Keskitalo, Gene Miller, Roger Wagner, Robin Jacobs and Joe Bernick.

The next action the tennis squad will see will be today when they compete in the Bison Invitational. This is an all day affair. At 1 p.m. on Saturday the Dragons meet Bemidji at Bemidji.

With three returning letterman the MSC golf squad finally begins action in this area. Pete Lysaker, a senior from Detroit Lakes, Ed Selnes a junior from Glenwood, and Gary Rudeen a sophomore from St. Paul will lead the linksters in this years competition.

Others included on the squad are Dennis Heiberg a freshman from Moorhead, and Richard Dokken a freshman from Moorhead also.

The Dragons have been busy during the early spring with a southern swing through Kansas and Texas. Last Friday the Dragons participated in the Concordia invitational, and this Friday they compete against North Dakota State University at Edgewood.

## Dragon Along

By Larry Scott, Sports Editor

IN SPRING, A YOUNG MAN'S FANCY TURNS TO BASEBALL — With eight games already completed on the 1965 Dragon baseball schedule, it appears a good time to stop and review the baseball statistics, up to date.

The leading hitter on the baseball delegation is fiery shortstop Cactus Warner, the diminutive shortstop who lets his bat speak for itself. His bat, obviously well-educated, relates a .381 mark (8 for 21). Jerry Hegna, whose vast repertoire of athletic talents has earned him all-conference laurels in three sports, is hitting .370 with 10 hits in 27 trips.

Doug Braaten, the deliberate and self-confident Hancock export whose hours of labor in the batting cages is beginning to pay huge dividends, leads the club in home runs with two, both hit against South Dakota State University. Hegna leads the Dragons in runs-batted-in with eight while Braaten and Dennis Seymour, whose catching talents will surely earn him a berth in the Dragon starting array, both have seven.

Joe Boche, picked on the NIC-all conference squad last spring, leads in doubles with three and shares the triple lead with Warner and Hegna, all having one.

On the pitching ledger, Dick Harlow leads the earned-run tally sheet with an ERA of 0.00. Harlow, however, stands 0-1 having allowed six unearned runs. The Brothers Walvatne, Curt and Dick, have both been impressive. Dick, making his first appearance of the year against NDSU Tuesday, looked impressive in two innings of relief. Curt, meanwhile, has worked in seven frames and has allowed only one earned run for an ERA of 1.29 while fanning 11.

Frank Wagner, the outspoken Camden, N.J. native, stands 2-0 with an ERA of 1.54 after 11 2/3 innings of pitching while left-handed Jerry Barney, whose assortment of off-speed pitches has menaced opposing batters considerably, has a 2-1 mark and an ERA of 2.77. Barney, however, has granted the most walks on the club with nine. Doug Biss, who picked up the Tuesday victory over the Bison, has a mark of 1-0 and an ERA of 3.27. The pitching mark for the entire squad is a tidy 2.05.

JOTINGS — Spring football practice at Moorhead State College opened Monday, with nearly 40 candidates reporting to coach Dwaine Hoberg. Moorhead State is allowed 15 practices during spring drills. Several varsity candidates are currently tied up in other sports. Coach Hoberg has asked all boys with interest to apply, remembering boys turning out in the spring for the first time and having went on to make valuable contributions.

Jon Hagen, the fine Mankato State athlete who was granted another year of basketball competition this past season, has no baseball eligibility remaining.

Dick Kuzel, one of the many fine St. Cloud State pitchers who had eligibility remaining, is not back in school. Shed no tears for the Huskies, however, they return a fine nucleus.

Galen Bodas, high-scoring Henning guard who helped lead the Hornets to the Minnesota State High School Basketball Tournament this year, is reportedly heading to MSC.

## Owls Capture MSC IM Wrestling Meet

by Jim Buchan

The indoor track meet and the wrestling tournament were feature events in the MSC intramural program during the past two weeks. According to Roy Domek, intramural director, these events have been completed and others are soon to begin.

The Owl fraternity captured the intramural wrestling championship on the strength of four first place winners in the nine weight classes. The Independants collected three championship positions while the Sig Taus gained the remaining two.

The first three weight classes of the tourney were won by the Owls. Dean Mollerud won the 123 lb., John Kotte took 130 lb. honors, and Jeff Burrill won the 137 lb. class.

Roy Engelson captured the 147 lb. class for the Sig Taus, while the 157 lb. class was won by Mike Gonshorowski in favor of the independants.

Joe Pellis also gained first place honors for the independant aggregation in the 167 lb. class. Kevin Quinn won the 177 lb. bracket for the Owls while Dan Hunt took the 191 lb. class for the independants.

In the heavy weight class the Sig Taus gained their second champion when Jim Benedict collected the title.

The independant organization tallied 53 and one half points to win the intramural indoor track championship. The RATS finished second in the running with 38 points while the Owls gained third with 31.

The Tekes chalked up 22 and one half points for fourth place, the Sig Taus scored 18, and the dorm league finished last with 6 points.

Tom Smith, entering as an independant was the high individual scorer with 19 points. Smith scored first place honors in the low hurdles, tallied three second place positions in the broad jump, high jump, and high hurdles, and place fourth in the 60 yard dash.

Individual winners in each event included Art Bannerman of the RATS winning the mile run in 5:59.6. Mike Catania of the Tekes won the 60 yd. dash in 6.7 secnds.

Smith won his first place position in the low hurdles in a time of 8.1 seconds, while Al Plath took first place in the high hurdles in a time of 8.9 seconds for the independants.

Meyer won two events for the Inds. He ruled off the 448 yd. dash in 61.1 and soared 10'6" in the pole event.

Bannerman won a second event for Rats when he captured first place in the 880 yd. run in 2:28 seconds flat. Doug Noyes, also of the RATS, cleared 5'4" and that proved good enough for first place in the high jump.

Domek reports that intramural softball will begin action next week under the same system that other intramural activities are under.

Graduates Rely On Room 111

The Pursuit Of Employment

by Sharon Sundre  
MISTIC Associate Editor

At the end of a short corridor on the ground floor of MacLean Hall is a room which every student at Moorhead State College will enter before he goes out to begin his career. A number on the door reads "111," and a sign above that door bears the legend "Placement Office." This is the entrance to the department which is headed by Dr. Werner Brand, Director of Placement at MSC.

Dr. Brand is in charge of the monumental task of providing employment for the graduates of Moorhead State College, both current and alumni, and while doing this, also satisfying the many individuals who come to the Placement Office seeking personnel for their schools and industries.

Marcene Buechler, a junior from Perham, Minn., gives her make-up a final check before an interview with Dr. Brand.

Dr. Brand checks a letter of recommendation submitted by a current graduate who is seeking employment through the Placement Office.

Number of 1963-64 Graduates Who Assembled Placement Credentials

B. S. Degree	Secondary	151
	Experienced Secondary	7
	Inactive (Current)	6
B. S. Degree	Elementary	98
	Experienced Elementary	57
B. S. Degree	Did not start a file	55
B. A. Degree	(2 have B. S. Degree also)	29
	Did not start a file	59
A. A. Degree	Did not start a file	3
M. S. Degree	Experienced	20
	Did not start a file	14
Total		499

In the 1963-64 Annual Report of the Placement Bureau, the duties of this office were partially defined as "providing placement service for current graduates of Moorhead State College, as well as alumni of the college and others who are approved for registration with the office."

Those who use the facilities of the Placement Office are seeking employment. For most of them, the area of concern continues to be teaching on either the elementary or secondary level, but there is an increasing demand in the office for liberal arts graduates, as employing officials from business and industry visit the Placement Office each year in increasing numbers. There is also some demand for graduates of the two-year college program in certain aspects of the business and industrial fields. Alumni who desire to change positions may do this also through the Placement Office.

A packet containing placement information and necessary forms to be filled out, is given to each student at group meetings held in the early fall. The student is requested to return these completed forms and to obtain three letters of recommendation from faculty members of his or her choice (two professors from the major field of study, and one from the minor field.) In addition to these letters, student teachers receive similar letters from their supervising teachers, and alumni who have been teaching must file letters of recommendation from their supervisor on the job. Occasionally alumni employed in business and industry return requests for the Placement Office to aid them in locating new positions.

Each senior, after completing his forms, is requested to have a personal interview with Dr. Brand. At this interview, preliminary information is exchanged concerning the students' field of study, desired area of employment, opportunity for placement and other information of a more personal nature. All students are invited to come to the office for consultation at any time.

The largest requests coming into the Placement Office are for teachers. In 1963-64, notification was made of 10,380 teaching vacancies, of which 1,174 were for elementary teachers in Minnesota and North Dakota, and 3,033 were for secondary teachers in this same area. The other requests (6,173) came from outside this area, with vacancies being reported in 31 of the 50 states, as well as territories of the United States and Armed Forces Dependents Schools.

Representatives of schools seeking teachers visit MSC throughout the year. These are usually school superintendents, but elementary or secondary principals as well as guidance counselors also visit the campus. In seeking their teachers, these people have learned to be as much concerned about the person himself as his G.P.A. Personal characteristics, desire to teach, personality and capability all play an important part in choosing new teachers. Although it is an asset, academic prowess and teaching ability of the first class are not necessarily welded together.

The Office of Placement works all year, in order to find jobs for students who graduate after fall or winter quarter. Fall quarter graduates are usually highly successful in gaining employment after the Christmas holidays.

A summary of the number enrolled with the Placement Office during 1963-64 indicated a total of 626 current graduates and alumni seeking positions in education, business or industry during the year. Of this total, 264 were enrolled for the first time with the Placement Office (these represent the graduates of 1963-64).

According to records, 249 of these current graduates were awarded a Bachelor of Science Degree, and 214 signed contracts through the Placement Office. In addition to these, 181 experienced teachers registered with the Placement Office reported having taken new positions. Twenty-nine Bachelor of Arts graduates also obtained employment through the Placement Office.

Of the 214 current graduates accepting teaching positions, 149 or approximately 70 per cent were placed in Minnesota, the others being divided among 17 states, including California, New York, Hawaii and Georgia.

With the increase in the number of requests from other states, indications are that more graduates will be taking positions outside of the state of Minnesota. However, according to the Placement Bureau Report, the

teaching areas in which the demand is low in Minnesota are also the areas where there seem to be the least number of vacancies for the nation as a whole.

The trend continues upward in salaries for both elementary and secondary degree graduates. The salary for beginning elementary teachers ranged from \$4400 to \$5500, with a median of \$4852, which is an increase of \$91 (approximately 2 per cent) over the previous year. Salaries for secondary degree graduates ranged from \$4000 to \$6150, with a median of \$4925, and increase of \$153 (approximately 3 per cent) over the previous year. In addition to this, some of the graduates receive additional compensation for extra duties outside the classroom.

Top graduates are being sought with liberal arts (B.A.) degrees as well. The number of industrial and business firms seeking Bachelor of Arts Degree graduates through the Placement Office is increasing, with accounting, salesmanship, marketing and mathematics and science seeking the most personnel. Many large firms are setting up interviewing schedules almost a full year in advance of their appearance on campus in order to insure the top graduates for their concerns.

The demand continues to be very strong in the elementary field, special education and remedial reading, and in certain areas of the secondary school such as foreign languages, English, girls' physical education, library science, music and the physical sciences. The Placement Office is also receiving increasing demands for supervisory positions, guidance

and counseling specialists, elementary and secondary principals, superintendents and college teachers. The current academic year shows placement progressing at about the same rate as it did in 1963-64, according to Dr. Brand.

For anyone in doubt as to a future career, the Placement Office is willing to discuss job prospects and occupational potential with students seeking counseling in this respect.

Dr. Brand stated that "the Placement Office is interested in trying to serve the students of Moorhead State College, both past and present, in a better manner. We welcome suggestions for improvement of our facilities and services, and urge students to make use of what is available to them."

The Placement Office of Moorhead State offers to students an excellent opportunity to start their careers with the benefit of advice from people trained in counseling and guidance. Whether or not they make use of this opportunity is entirely up to them.

The door to 111 is always open.

Dr. Werner Brand, Director of Placement at MSC speaks to an alumnus who wishes to set up an appointment with the Placement Office.

Marcene scans job bulletins and placement reports while waiting for Dr. Brand to finish a conference.
